"My kids loved the assembly and it served as a great springboard for discussion. . .

After the assembly, they were very vocal that they learned new ways to talk to their friends when they feel upset."

St. Kilian
Parish School

"This was one of the best educational performances ever! My students were thoroughly entertained." Norwin Middle School

WORKS

SCHOOL ASSEMBLIES

"The play really hits home and everyone is able to make a connection to it. I feel it is extremely impactful and on target!!!"

Sewickley Academy

"The interactivity with the students was an attention grabber. The students loved calling on their superhero support. We have students still using this as a way to channel their feelings. The actors were encouraging the students to use their superhero powers."

Pittsburgh Arlington PreK-8

SCHOOL ASSEMBLIES 2022-2023

Using theater to support social and emotional learning

Grades K-5 Responsibility, Respect

Alex Rewrites The Wrongs will encourage kids to be a leader by doing the right thing, even when no one is looking. Inspired by Sean Covey's book, *7 Habits of Happy Kids*, this interactive play will inspire children to be proactive in order to see change in their lives and to be a leader in starting that change. This play will inspire students to live according to principles such as responsibility, compromise, teamwork and respect.

Grades K-6 Physical & Mental Health and Wellness

With the help of the audience and a superhero who's devoted to helping kids make healthy choices, four elementary students learn how to handle "villains" like Feeling Frenzies, Distractinators, and Malicious Mirrors. The characters (and audience!) learn about mindfulness and how to take care of themselves both mentally and physically. At the end of the show they realize that they can be superheroes, too, by using what they've learned to help others!

Grades K-6 Diversity, Respect, Teamwork

Inspired by Mr. Rogers' quote, "I like you as you are," students with diverse skills are challenged to work together in a maker space to win the traditional *Operation Brainpower* contest. In their quest for success, they learn that their pre-conceived notions about each other may not be accurate while discovering their own character flaws.

Plays are performed by professional actors and run 45-50 minutes in length. Each performance is followed by 10-15 minute Q & A which invites students to explore the issues further.

Educator curriculum guides, containing pre- and post- show classroom exercises, are provided free of charge to prepare students for the performance and stimulate communication around the issues.

Our educational dramas are funded in part by the following organizations:

Birmingham Foundation
Frick Fund of the Buhl Foundation
The Grable Foundation
Jefferson Regional Foundation
Equitrans Midstream Foundation
PNC Charitable Foundation
Scaife Family Foundation

Grades 7-12 Prescription Drug Abuse

The misuse of prescription drugs is often overlooked and unnoticed for too long. In *Off'Script*, three students share their stories of addiction to prescription drugs, the consequences of their actions, and their journey to hope and healing.

Grades 6-12 Vaping

Teen game show contestants are tested on their knowledge of vaping. A variety of scenes cover the science behind vaping's impact on mental and physical health, the way vaping is marketed to young people, and the long-term repercussions of vaping.

Advisors: Tobacco Free Allegheny
